Fleet Safety Equipment is a Family Owned and Operated Company that has been providing Emergency Vehicle Equipment and Lighting to our customers since 1980. We have six brick and mortar stores throughout the United States. Each store has a stocked warehouse allowing us to ship your products quickly. We carry certified trained technicians that outfit over 4,500 Emergency Vehicles a year. Current and former Police/Firefighters are a part of our sales staff. They carry the industry passion and technical knowledge to help you find the right products for your vehicles or other requirements.

We are an Authorized Dealer for all our products. We get genuine products straight from the factory, we are the first to receive product alerts, and we can help you deal with warranty issues. We give the customer support we want from others! If something goes wrong, you want a responsive seller.

“Outfit 4,500 Emergency Vehicles a Year”
and a responsive manufacturer. We know how important it is for a Vendor to correct problems. That’s why we only do business with manufacturers who we believe show the same commitment to customer service that we do. In short, our relationship with you only begins when you buy, rather than ending there.

“Strong Commitment to Customer Service”
We separate ourselves from our competition with our Outside Sales Reps in up-to-date demo vehicles, our product demo rooms, passion for the industry, certified technicians, 3 million dollar stocked inventory warehouses carrying the best brands. We know that your time is valuable, so you’ll find popular every day products along with those hard-to-find ones, quickly, and all priced right for your budget. We’re here to provide you with fast, friendly and knowledgeable service.

Your feedback and input are extremely important to us. Feel free to let us know what else we can do to make it easier to do business with you. As always, thank you for your business and we look forward to serving you.
Fleet Safety Equipment provides us excellent customer service and meets our needs quickly. I can proudly say that Fleet Safety is our one stop source for emergency equipment and installs. They have our business because, simply put, they know about law enforcement. Many members of the Fleet Safety team have a background in Law Enforcement enabling them to respond with knowledge to the needs of the North Little Rock Police Department.

Chief Mike Davis - Patrol Division Commander
North Little Rock Police Department - FBI NA #230
DROPship Codes

DROPship your vehicle from the manufacturer to fleet safety at no charge for first class installation, equipment and lighting.

WHELEN LIBERTY II LIGHTBAR

The next generation Liberty lightbar is tougher than ever. Four High Intensity Corner Modules, with Independent Color Control of each Lighthead. Photo Cell Standard. Newly designed all LED lightbar built from the ground up for superb reliability and performance

- 30% more illumination surface area on all warning modules, including corner and inboard modules.
- 1” less in depth, allowing for contiguous light
- Efficiently designed heatsink for superior longevity and protection.
- Lower Profile feet are quieter, reducing wind noise and giving the bar a stealth look.
- Newly Designed Alley Light Modules.

- Aluminum top shield stays cool, protects the lightbar from nature’s elements and directs heat away from internal components
- WeCan® programmable, allowing for unlimited flash pattern combinations, including SteadyFlash™ for use at nighttime traffic stop/accident scenes for added protection for officers
- Plug and Play into the CenCom Sapphire™, CanTrol® controller or vehicle manufactured controllers. A WeCan® controller module is supplied for use with other switch centers
- Photocell automatically dims at night and still meets SAE Class 1 requirements in low power mode. Photocell is standard in the DUO+ and optional in the SOLO series
- Height without mounting feet is only 2.8”
- Available with Whelen’s standard mounting feet or new low profile mounting feet for a stealth look

- Hard-coated lenses keep the lenses looking new year after year by minimizing environmental damage from the sun, salt, and road chemicals
- Color filters are available for single color module for complete customization
- Whelen’s exclusive Collimator™ patented design captures, collects and focuses light for unbeaten light output
- Advanced Thermal Design “ATD” reduces the stress on LEDs when dwell time is extended

- IX4**** New! 44” Single Color, Red, Blue, Amber or White
- IX8**** New! 48” Single Color, Red, Blue, Amber or White
- IX2**** New! 54” Single Color, Red, Blue, Amber or White

ACARI DRILL FREE ROOFTOP MOUNTING

Acari has designed a rooftop mounting system that will leave no holes cut into your fleet vehicle. Gives you the flexibility to mount multiple pieces of equipment with no damage to the vehicle. Simple bolt on assembly is all that is required.

- Sleek, aerodynamic, anodized aluminum housing designed for improved fuel economy.
- Attaches with ACARI clamping system through existing third brakelight mounting hole.
- FAST installation, no dropping the headliner to fasten rooftop devices.
- No lease penalties for roof damage.
- Low profile design will not hinder access to garages, etc.
- Fully encapsulated to provide moisture and vibration protection.

RTM-100 Acari 22” $295
RTM-200 Acari 28” $325
RTM-300 Acari 34” $365

*Meets California Title XIII compliance

M9* All Standard Color Options $235
M9LZC Scene Light $398
Reshape the future of emergency warning lights with the M6V2 and M9V2; a new generation of versatile, compact lightheads that implement Whelen’s Super-LED technology and act as all-in-one warning/perimeter or warning/scene lights.

FEATURES
• Two-in-one combination light
• M6V2 – warning/perimeter
• M9V2 – warning/scene
• Available in Red, Blue and Amber
• Surface mount
• Hard coated lenses minimize environmental damage from the sun, salt and road chemicals
• 21 Scan-Lock™ flash patterns including synchronizable patterns
• Amp Draws: M9V2: warning 2.4 amps peak/0.96 avg.; scenelight: 2.4 amps. M6V2: warning 1.5 amp peak/0.60 avg; perimeter light 0.77 amps.
• Optional flange available in Chrome (M6FC) or Black (M6FB)
• Size M6V2: 4-5/16" (109mm) H x 2-1/4" (57mm) D x 6-3/4" (170mm) L
• Size M9V2: 6-1/2" (165mm) H x 2-5/8" (66mm) D
• Five year HDP® Heavy-Duty Professional warranty

M6V2* Lighthead + Flange $449.95
M9V2* Lighthead + Flange $649.95
• In Stock Options Vary. Please Call for Availability.
**WHELEN 600 SERIES SUPER-LED ROTA-BEAM LIGHTHEAD**

Mid-sized surface mount, wide angle LEDs with redesigned spreader optic lenses fill the lighthead evenly with light, rivaling strobe in intensity but with all the advantages of LED.

**Rota-Beam™ Series Feature**
- Super-LED rotating light with no moving parts and no motors.
- 100% solid state.
- Surface mount.
- 180 degree horizontal light spread.
- 14 Scan-Lock flash patterns.
- SAE Class 1 Certified.
- Models with clear or color lenses.
- Lenses are hard coated to resist scratches, salt or chemical damage and UV degradation.
- Low current draw of 2.2 Amps.
- Moisture and vibration resistant.
- Optional Chrome or Black flanges
- Five year HDP® Heavy-Duty Professional warranty.
- Usually in stock, but please call for availability.

- 6RB* Whelen 600 Series Super-LED Blue, Clear or Red $285
- 6RBA Whelen 600 Series Super-LED Amber $324.95

---

**WHELEN LED PERIMETER ENHANCEMENT LIGHTHEAD**

Multi-purpose design for illuminating the work area around emergency and utility vehicles. The Perimeter Enhancement Light can also be used in a wide range of other applications such as hose beds, walkways, under-body ground illumination, pick-up truck beds and utility vehicles where white illumination is needed. Super-LED lightheads provide reliable, bright light which will stand up to harsh environments and vibration. Item is usually in stock but please call for availability.

PELC* Whelen Perimeter Enhancing Light LED 12V $149.95
PELC4 Whelen Perimeter Enhancing Light LED 24V $174.95
**WHELEN VERTEX LED HIDEAWAY LIGHTS**

Only 7/8” in height, this small hemispheric LED light-head is perfect for most applications where size and intensity are critically important. Self-contained unit using an in-line combination lamp driver/flasher. Sold in quantities of 1. Five Year Whelen Warranty.

**FEATURES:**
- 25 Scan-Lock™ flash patterns, includes synchronize feature for alternating and synchronous flashing of multiple lamps.
- Aluminum base and advanced thermal heat management system is designed for endless years of trouble free service.
- Lamp and in-line lamp driver are fully encapsulated for moisture and vibration resistance.
- Virtually No RFI/EMI noise emitted, meets SAE J1113-41 Class 5. 10 – 16 VDC.
- Two screws hold the lamp securely in place.
- Simple installation with no separate lamp drivers, flashers, ballast or power supplies to install.
- 5 year warranty.

**Applications:**
- Self-contained unit using an in-line combination lamp driver/flasher.
- Five Year Whelen Warranty.

**Specifications:**
- Lamp Module Assembly: 1 1/2” W X 7/8” H
- Lamp In-Line Driver/Flasher: 4 3/4” L X 15/16” W X 7/16” H

Wanco matrix signs provide a variety of font sizes and styles - many more than are shown here—as well as standard MUTCD symbols and graphics. Signs can also be programmed to display custom graphics.

MINI MATRIX MESSAGE SIGNS

Mini Matrix (Under 2000lbs) - compact version of our full-size variable message signs. Like our full-size signs, the Mini displays a full-matrix of bright, highly visible LEDs. About 30% smaller, the Mini trailer is highly maneuverable and easy to deploy. Use the full-matrix display to present message text and symbols in almost any application—traffic safety, emergency response, and special events.

Starting at $18,559.95

Please Call for Purchase

Metro Matrix (Under1500lbs) - our most compact portable message sign, designed for use in metropolitan areas. The Metro VMS features a full matrix of high-efficiency LEDs for outstanding legibility with reduced energy consumption and superior performance.

Starting at $15,599.95
Many More Options Are Available - Please Call to Purchase

### GOLIGHT SPOTLIGHT/SEARCHLIGHT

The mounted spotlight is designed to be permanently attached to a vehicle. The Searchlight with Directional Flexibility is controlled by a dash-mount or wireless remote, which gives the operator a full 370 degree rotation and a 135 degree vertical tilt with fingertip control. The Golight provides superior light penetration with Cr5 PentaBeam technology.

7” x 7” x 6-1/2”

Choose a white or black housing when ordering.

- **2020 Dash Controlled Spotlight Permanent Mount** $245
- **2000 Wireless Remote Controlled Spotlight Permanent Mount** $295
- **7901 Wireless Remote Controlled with Permanent or Removable Mount** $340

### WHELENS PAN AND TILT LED SPOTLIGHT

Whelen professional grade LED lighting in a remote control spot light ideal for Utility linesmen, construction, marine, fire and law enforcement applications. Wired or wireless control and all the heavy-duty attributes of LED lighting make this the adaptable resource you’ve been waiting for when search and work/scene lighting is required!

**FEATURES**

- 360° remote control spotlight.
- Wired or wireless controller.
- Wireless control mounts anywhere in easy access on your vehicle and provides smooth control of light without long cable runs.
- Wireless control head allows for multiple lights to run off one controller.
- Proportional push-button control provides quick and easy operation.
- Pans 210° left, 210° right.
- Tilts 90° upwards, 20° downwards.
- Pan rotation speed: 30°/sec.
- Tilt speed: 25°/sec.
- Defaults to home position after use.
- Instant On/Off eliminates high current on-rush and warm-up time.
- Heavy-duty LEDs are rated for thousands of hours of use and provide 1475 lumens.
- Low amperage: draws only 2 amps.
- Polycarbonate base and dome with silicone gasket to protect unit from moisture and dust.
- Dome is hard-coated for scratch and fade resistance.
- 12.8 VDC.

EMERGENCY FLOOD LIGHT BY ROM

- Single or dual reflector provides halogen spot or flood or enhanced flood beam pattern
- Black anodized aluminum body
- Chrome plated reflector housing
- On/off switch standard
- Select spot or flood pattern with 7” dual stage reflector
- 100W H-2 SPOT/55W H-2 flood
- 3,000 lumens, 7.8 amps at 12V on spot;
- 4.2 amps @ 12V on flood, 100 bulb life hours

CD-FX-12 Emergency Flood Light $294.95

STREAMLIGHT STINGER LED FLASHLIGHT

- DUAL SWITCH TECHNOLOGY – Access any of the three variable lighting modes and strobe via the tail cap or the head-mounted switch
- Head switch operates independently from the tail cap switch
- The combination of a rechargeable battery and a 50,000 hour lifetime C4 LED results in the lowest operating cost of any flashlight made.
- Up to 18,000 candela peak central intensity and up to 140 lumens measured system output
- Runtime: High – Up to 1.75 hours; Medium – Up to 3.5 hours; Low – up to 6.75 hours; Strobe – Up to 5.5 hours
- Comes with an AC/DC Charger. Item is in stock!
- Dimensions: Length – 8.85” Weight – 12.8 oz

75813 Stinger LED Flashlight $154.95
STREAMLIGHT SL-20L LED FLASHLIGHT, HI/MED/LOW/STROBE

Full-Size, Professional Grade Rechargeable LED Aluminum Flashlight

- Full-sized, full-feature aluminum flashlight with C4® LED technology that delivers a 490 meter beam!
- High – 60,000 candela peak beam intensity, 350 Lumens, 2 hour runtime
- Medium – 27,000 candela peak beam intensity, 160 lumens, 4 hour runtime
- Low – 1,000 candela peak beam intensity, 10 lumens, 50 hour runtime
- Strobe – 4 hour runtime

Comes with Home and Car Charger (AC & DC)
120V AC & 12V DC

20703 SL-20L LED Flashlight $154.95

PORTABLE LIGHT TOWERS

Safety is always a concern when responding to an emergency at night. Wanco portable light towers provide an independent, light source for any emergency. Four 1000-watt light fixtures top a 30-foot variable-height mast, while an on-board diesel engine with 30-gallon fuel tank provides power. Portable light towers are a proven tool for police, fire and rescue, accident investigation and more.

FEATURES:
- Fuel capacity of 30 gallons provides extended run times of 60 to 70 hours between refueling, depending on environmental influences
- Translucent polyethylene fuel tank provides instant view of fuel level, eliminating the need for a fuel gauge
- Compact design with removable tow bar allows efficient transport and storage
- Lockable, weather-resistant, steel cabinet protects components from the elements

Engine Options: Lombardini or Kubota

WLTC-PDL Lombardini Engine $9,395.95
WLTC-PDK Kubota Engine $9,895.95
Shipping: $495
**WHELEN R316 ROTABEAM LED**

All the long-life, high intensity benefits of Super-LED’s in a solid-state “rotating” beacon, with multiple “rotating” flash patterns, a low profile dome, and a die-cast base. With no moving parts, or motors to burn out, the only thing it lacks is motor noise! Ideal for those tough applications that would have destroyed a traditional rotating beacon... but still offering the longer dwell time and sweep that were popular in those beacons.

R316** Rotabeam Perm Mt $575  
R316** Rotabeam Magnetic Mt $585

---

**WHELEN L22 LED**

The Whelen L22 Series Super LED Beacon is a certified SAE Class II LED warning beacon. Whelen L22 LED beacons feature generation 3.5 LED technology that rivals strobe in power with lower amp draw. LED light source has a rated life that exceeds that of comparable flash tubes by more than 50:1. Choose Permanent or Magnetic. 5 Year Warranty. Amber & Clear are In Stock!

B-L22 Amber $149.95  
B-L22-C Clear Red or Blue $159.95  
B-L22-G Green $179.95

---

**WHELEN 2015 STROBE BEACON**

- Multiple field selectable flash patterns.  
- Silicone coated power supply  
- Choose Permanent or Magnetic mount.

The Pannin Technologies PT-RM-P Remote Monitor Option for the Enforcer II DVR System allows you to use your Dell XFR, ATG Series laptop, or any other brand laptop as a DVR monitor in your vehicle.

Dell rugged laptops provide both high-performance computing and enough durability to operate in the harshest environments and withstand the most extreme treatment. The Enforcer II works with any MDT or MDC.

Please Call for Pricing
(501) 590-8870

Works with any brand Mobile Data Terminal (MDT) or Mobile Digital Computer (MDC)
ENFORCER II REAR VIEW DISPLAY

This slimline mirror has the large bright LCD display of our popular 9002-9515 mirror, but in a sleeker, more compact package. It does so by using a wider 16:9 aspect ratio 3.5” screen vs. the more conventional 4:3 aspect ratio. And, it comes with the new twist-off “tri-lobe” windshield mount found on many newer vehicles from Ford, Chrysler, and others. This high quality authentic OEM mirror comes with a universal harness that lets you connect it to any standard aftermarket camera, including our own high-grade universal camera, which is available separately (click here).

Brandmotion specializes in bringing the same equipment found on today’s new cars and trucks direct to you. This mirror is identical to OEM upgrade mirrors costing hundreds more, and connects easily. The outline of the hidden 3.5” monitor is completely invisible until you put your car in reverse, unlike many less advanced systems available in the aftermarket. Professional installation is recommended.

AS LOW AS $5,488

KEY BENEFITS:
• The industry’s only available solution for vehicles with twist-off mirror mounts
• An OEM-grade replacement for your vehicle’s factory mirror
• Large 3.5” color backup monitor displays vividly when you put your car in reverse
• Compatible with all standard backup cameras through the included installation harness
• Display on/off button
• Increased vehicle resale value

PANNIN Technologies, LLC

• Field-proven accuracy and reliability
• Flexible design meets a variety of ALPR applications
• Superior value and performance compared to other ALPR systems

“1’ve made multiple felony arrests for people that had felony warrants, for people that had warrants for things of terroristic threatening, felony theft of property.”

- Officer Grant Humphries speaking on the effectiveness of the Pannin LPR System; Little Rock, Arkansas.

PLEASE CALL 501-590-8870 FOR PRICING
MOBILE LPR

PRODUCT DESCRIPTION

- ALPR assists officers in:
  - Searching for Missing Persons.
  - Gathering Intelligence & behavior patterns.
  - Recover Stolen Vehicles.
  - Stop automotive crimes such as drug smuggling and trafficking.
  - Generate revenue from Illegal Parking Offenders.
  - Simplify routine tasks such as chalking or parking permit checks.

- Multiple Cameras - Up to 8 per vehicle.
- Multitasking - Runs simultaneously with recording video.
- "Most Wanted" Lists - Utilizing state and federal hotlists which increases the likelihood of a real-time catch.
- Custom Hotlists - Plug in your local most wanted for a tactical advantage on patrol.
- Intelligence - The efficient backend system gathers and analyzes data, and acts on specific cars or people of interest.

- Live - Real Time updates to hotlist and uploads scanned plates.
- Video Integration - Triggers video when a hit is made and records pre-hit.
- Chalking - Remembers a parked vehicles location and alerts the officer when a time limit has passed.
- Permits - Alerts officer to improperly parked vehicles in permit areas.
- Integration - Works with Pannin In Car Video System and ADS System for regional archive sharing.

PLEASE CALL 501-590-8870 FOR PRICING
MOBILE-LINK

PRODUCT DESCRIPTION

MobileLink is a powerful fleet-management tool. Mobile Link allows for real time observation of over 1000 vehicles, plotted on a digital map using GPS data. The software records variables such as vehicle speed, G-force, door open/close, sensor events, alarm triggers, as well as many other events. These events are presented in tandem with up to 16 channels of video (real time or recorded) and a thorough event log.

FEATURES

• Realtime GPS Tracking
• Updates every 3 seconds
• Automatic Vehicle Location (AVL)
• Easy to use Web Based Interface
• Streaming Video and Audio
• Voice Over IP (on select MDVR’s)
• Monitor 1,000’s of Vehicles
• Multiple User levels
• Alarm and Event notifications

PLEASE CALL 501-590-8870 FOR PRICING
PRODUCT DESCRIPTION

- Automatic Vehicle Location assists officers by providing crucial data:
  - Vehicle ID
  - Officer ID
  - Physical Address
  - GPS Coordinates
  - Time
  - Speed
  - Video Recording Status
  - Sensor Status

- Store - AVL archives all data for hands-free case building and evidence collection.
- Easy Maps - Locate vehicles and their routes using satellite or map view, or a combination.
- Exact Location - Show vehicle locations in real time for precise coordination, with an automatic update interval.
- Efficient - Find an officer nearest to an address for shorter response time to a scene.
- Easy Interface - Windows resize, toggle on/off, zoom in and out and pan across the map.
- One Click - Click any vehicle to instantly bring up crucial details on a patrol unit.
- One or Many - You can choose to track just one unit or an entire fleet at the same time. The map keeps all the units in view for you.
- Cost Effective - No expensive equipment is needed. The AVL works with the built in GPS of the Pannin ENFORCER II.
- Robust - Search in archives using a location, route, officer ID, or a time range.
- Archive - Play a route back at adjusted speed to quickly find pertinent information.

PLEASE CALL 501-590-8870 FOR PRICING
**ADS ENTERPRISE MANAGER**

Pannin ADS Enterprise Manager™ is the perfect solution for helping Regional ADS Centers consolidate and create a redundant backup of their valuable video evidence. Fleet vehicles download files and metadata to their Regional ADS Server so officers and supervisors can review the data locally using the PT-HUB™. Every time a new file finishes downloading on the Regional ADS Server, the Enterprise Server receives a notification. ADS Enterprise Server creates a queue and starts downloading data from the Regional ADS Servers to the corporate storage location, keeping records of when the file was requested, downloaded, erased, and accessed.

The process on the Regional ADS Server is as simple as configuring the IP address and credentials to redistribute the video to an ADS Enterprise Server.

**FEATURES**

- Automatic download of video as soon as files are downloaded onto the regional ADS Server – Eliminates the need for manually downloading individual events, video clips, etc.
- Operates as native Windows Service
- Secure data transfer over corporate network
- Overwrite protection to protect the video evidence
- Scheduled priority downloading for more efficient use of the network bandwidth
- Up to 10 Regional Servers downloading to one Central Server
- Customizable downloading (All, Event, or Timed recordings)

**PRODUCT DESCRIPTION**

**PLEASE CALL 501-590-8870 FOR PRICING**
Automated Reporting – Know What’s Happening with Your Inventory and Your Fleet

The PT-HUB™ for Law Enforcement provides a comprehensive solution for law enforcement. In addition to customizable monitoring and recording functions, PT-HUB provides the ability to incorporate RFID-based inventory tracking and automated fleet health reporting, all in one easy-to-use system.

The Pannin Mid-Range RFID Reader can be used as an auxiliary device for MobileLink; our premium software that is designed to track and trace vehicles in real time can now track the contents of those vehicles as well. The RFID Reader is installed in the vehicle and is linked to our powerful ENFORCER II to track and trace where and when any tagged asset (for example, a box, bag, rifle, pistol, or magazine) is taken in or out of the vehicle. For any asset that can accommodate an RFID tag, each time the asset is moved, real-time notifications with date, time and status can be sent via SMS and email to administrators and supervisors for further action.

PLEASE CALL 501-590-8870 FOR PRICING
The NOPTIC’s one and only spotlight mount (patent pending) provides quick pan and tilt capabilities required for successful surveillance.

Cheap imitators that move slow, or are fixed mounted, just can’t deliver the results like a NOPTIC. The vehicle mounted NOPTIC thermal imaging camera enables you to conduct quick and easy night vision surveillance with its highly acclaimed panning and tilting capabilities. In addition, the ability to pan and tilt the camera, with the spotlight off, allows for the timely and tactical use of the spotlight.

TIC-N NOPTIC by Pannin $4,195.00

Since the camera uses passive infrared sensing technology, it is not affected by oncoming headlights. The camera operates in complete darkness and at temperature extremes of –40°F to 176°F. It also has a built-in lens heater that activates automatically at temperatures below 40 degrees F to keep the lens clear of frost and ice.

The HELIOS is a high resolution thermal imaging system that allows the user to see in total darkness. Utilizing a 320 x 240 resolution FLIR Camera the system can easily see man sized targets from over 1500 feet. The thermal core uses long infrared sensor technology and can easily see through smoke, fog, rain and many other atmospheric conditions that could not easily be penetrated with other technologies.

The HELIOS features remote positioning, offering 370° rotation and 135° tilt. The units are available with either a joystick style wired remote or a wireless remote package. The RF wireless remote controls can be programmed to your desired frequency for uninterrupted use with one or multiple systems. The HELIOS is easily mounted using an innovative mounting plate with under-locking interface, a simple two step mounting process. The pan/tilt enclosure uses high torque motors with encased metal gears for years of trouble free operation. Quick detach cables allow for easy removal from the vehicle in minutes.

TIC-H FLIR Helios by GoLight $6,595.00
PORTABLE TOWER SYSTEM

Specifications
- Portable solar powered 42' platform
- 2,400 Ah battery bank
- 360-Watt solar array
- Nominal 100 Ah per day @ 12.5 VDC (continuous operation)
- Built-in 45 Amp battery charger
- Length Overall: 177 inches (449 cm)
- Width Traveling: 91 inches (231 cm)
- Width Operating: 139 inches (353 cm)
- Height Traveling: 101 inches (256 cm)
- Height Operating: 42 feet (1.201 m)
- Ground Clearance: 13 inches (33 cm) min
- Weight: 2,800 lbs (1,270 kg) approx (max)
- Tower rating: max load - 45 lbs (21 kg) & max surface area: 5 sq ft (465 sq cm)

FEATURES
- Powerful tool for image data collection - 42-foot tower height maximizes viewing angles
- Truly solar powered - continuous, year-round, uninterrupted power source capable of providing a minimum of 1,250 Wh of electrical power (nominal 100 Ah per day @ 12.5 VDC)
- Engineered mounting base - designed to accommodate any size camera or related equipment
- Portable Tower System can be towed to any location for temporary data collection
- All aluminum telescoping tower with 1/8" aircraft cable guy wires - exceptional rigidity and stability for user-supplied equipment

**PRISONER TRANSPORT PACKAGES**

Includes Partition, Rear Seat, Floor Pan, Window Armor, Door Panels and more | Below is a Single Prisoner System with a Full Rollbar

Pro-cell Prisoner Transport Systems are available in three distinct styles to match your agency’s preference, each system comes complete with:

- (1) Prisoner Transport Partition
- (1) Set of Extension Panels/Seat Protectors
- (1) Prisoner Transport Seat
- (1) Floor Plan
- (1) Clear, Polycarbonate Seat Driver
- (1) Pair, Window Armor
- (1) Pair, Rear Door Panels

Window Armor provides a solid frame that protects side windows from being kicked out or shattered from the inside.

ABS Seats and Floor Pans are designed to drain through the floor board allowing for easy cleaning and sanitizing.

Prisoner Transport Seats inhibit a prisoner’s ability to stash contraband between cracks by providing a continuous, solid surface.

Seat belt plugs provide a barrier around the factory seat belt to further eliminate potential locations for hiding contraband and other evidence.

Rear Door Panels further confine prisoners by eliminating access to window controls and door latches.

Clear 3/8” Polycarbonate divider attaches to both seat and partition to provide a solid barrier down the middle of the prisoner area.

Floor Pans provide an added layer of protection against stashing contraband by enclosing the foot area and removing gaps between the seat and floor areas.

Optional Pro-cell single or dual weapon mount Gun Racks are available for all Pro-cell Systems.

Each Pro-cell comes with a solid steel, Prisoner Transport Partition that provides a protective barrier between the prisoner transport and officer areas.

**FULL CAGE, DUAL PRISONER TRANSPORT SYSTEM**

- PT-PC-FCR Sedan Full Cage & Rollbar $1,995
- FCRS SUV Full Cage & Rollbar (Includes Cargo Barrier) $2,340

PT-P-BDP Passenger Door Ballistic Shield $1,394.95

Setina Overlapping Prisoner Transport Rear Seat

Overlapping Design to keep your OEM Seat Intact. New Seat Belt Design allows the officer easy access with minimal reach.

The New TPO seating systems are easily installed, with a precision fit right over the vehicle's existing seat. Unlike other models, there is no longer the expensive need to remove and store the factory seat.

Setina's New TPO Seat and Floor Pan, along with our TPO Door Guards, gives your vehicle an OEM Factory Appearance.

Transport Seat Belts
Our advanced seat belt design also provides the ability to retain the factory seat belt location or offers the flexibility to change your seat belt location to latch on the outside, using factory seat belt parts. This prevents having close contact from reaching in and across the front of a prisoner.

Features
- Stronger than other industry transport seats.
- No need to Remove and Store OEM seat.
- Will not Crack or Break.
- Economical Full Seat Design.
- The ultimate protection for vehicles
- Shipping will be added

Specify Vehicle Type When Ordering
FLEET SAFETY’S NEW! SUV PRISONER TRANSPORT
REAR SEAT WITH EASY ACCESS TO SEAT BELTS

This new system is a fully functional seat and rear partition which is available with both steel and Polycarbonate partition screens. The seat belt system is available with the OS-Belt which buckles on the outside, or the seat can be configured to function with the factory seat belt system.

The OS-BELT System was designed to allow the Officer to strap a passenger in the vehicle without ever reaching across the passenger. With the OS-BELT system the risk of an Officer being injured by an unruly passenger is greatly reduced.

The system is made so that the buckle and tongue for the belt retractor system are on the door side of the vehicle rather than in the center of the vehicle where an officer would have to reach across a prisoner putting himself at risk of being hit by the prisoner.

- Immediate upper body restriction in the event of an accident
- Simple and effective design
- Belt storage position makes the system ready for use in a moments notice.
- Extremely durable
- Compatible with all new police vehicles

ADD $120 FREIGHT CHARGE PER SEAT | OR PLEASE CALL FOR A SHIPPING QUOTE

Choose 9 Passenger for standard length Vans and 11 Passenger for extended wheel base vans.

Whether your inmate transport trips take you across town or clear across the country, you can always depend on VanCell as the most secure and economical prisoner transportation system available today. VanCell is a completely self-contained unit, constructed to last for years with heavy-duty powder coated 10-gauge steel.

VanCell features conveniences such as stairs & steps designed for easy shackled access, multiple storage compartments for stowing property, food passes for accommodating long trips, and extra safety features like seat belts, fire extinguishers and emergency exits. As an additional benefit, we offer an optional video package that lets you keep an eye on your prisoners and the road at the same time.

With VanCell, it’s easy to transport mixed populations in a single trip because you can segregate prisoners by gender, age, security classification, or special needs.

**TOTAL TRANSPORT SOLUTION:**
Using the patented Bob Barker VanCell® Prisoner Transportation System and its 3 separate compartments, you are able to effectively segregate the males from the females and the adults from the juvenile prisoner. You are also able to transport them all in a single trip with minimal staff and a single vehicle, so you can get back to the daily operations of your facility more quickly. You can even keep an eye on them on the video monitoring system on the way to the courthouse for extra piece of mind.

POCKETJET 6 PLUS KIT – 300 DPI PRINTER, AC ADAPTER, USB CABLE, CARRYING CASE, AND MORE.

All models of the PocketJet 6 and 6 Plus printers come available in "kits". The PJ623-K includes a PJ623 300dpi printer, a USB cable, an AC adapter and cord, a NiMH Battery, 100 sheets of Genuine Brother Premium letter size thermal paper, a roll cleaning sheet, a printer carrying case, and a document set including CD.

FEATURES:
• Fast, full-page mobile printing - up to 6 ppm.
• Prints on a variety of 8.5” wide thermal media.
• High print quality - prints crisp text and images.
• Low maintenance costs - no ink or ribbons to replace.
• Compact size - fits in places where space is limited.
• Ultra-lightweight - only 1.3 lbs including the battery.
• High reliability due to fewer moving parts.
• NiMH battery and longer-life Li-Ion battery are available.
• Free 1-year warranty and unlimited tech support.

PENTAX ARMREST AND UVHR MOUNT

FEATURES:
• All-in-one adjustable kit that fits easily into all patrol vehicles equipped with a removable headrest. The UVHR mount’s adjustable fit means it can likely be used in your next squad car!
• Padded cover design that opens and loads paper from the front. The cover tracks back to hold open when needed as well as locks securely in the closed position.
• Access to the power button and clean paper ripping with a closed lid.
• Clean exterior provides minimal hard edges or entanglements. Cables are fed through an underside access point with internal/external zip-tie hashing.
• Compatible with Brother thermal printers.
• Easy assembly and installation. Each kit comes with all of the parts needed for assembly.
VEHICLE PRINTER MOUNT BY RAM VPR-101-1

The RAM-VPR-101-1 is designed to hold Brother® PocketJet® Series portable printers. The cradle uses a unique patent pending spring loaded mechanism that holds strong, yet provides easy removal for printer storage. At each end of the spring loaded cradle are small side clamp plates that are designed to fit cleanly around either edge of the printer. Included is a standard length arm and round pipe base, which will connect to any RAM Tele-Pole™ and other poles with a diameter from 1.25” to 1.88”.

The RAM-VPR-101-1 is designed to hold the following printers:
- Brother® PocketJet® 3
- Brother® PocketJet® 3 Plus
- Brother® PocketJet® 6
- Brother® PocketJet® 6 Plus
- Brother® PocketJet® 673

Material:
High Strength Composite & Powder Coated Marine Grade Aluminum

Ball Size:
1.5” Rubber Ball Size

RAM VPR-101-1  $145

BROTHER POCKETJET 673 PORTABLE PRINTER FOR APPLE IPAD AND IPHONE DEVICES ONLY

FEATURES:
- Fast, full-page mobile printing - up to 6 ppm.
- Can store document overlays in the printer to minimize data transfer.
- Full-featured design software for creating and downloading document overlays.
- Prints on a variety of 8.5” wide thermal media.
- High print quality - prints crisp text and images.
- Low maintenance costs - no ink or ribbons to replace.
- Compact size - fits in places where space is limited.
- Ultra-lightweight - only 1.3 lbs including the battery.
- High reliability due to fewer moving parts.
- NiMH battery and longer-life Li-Ion battery are available.
- Free 1-year warranty and unlimited tech support.

PKTJET 673  $650
Havis has created equipment mounting packages for the most popular vehicle applications. By bundling all of the necessary parts in one SKU we have simplified the ordering process. These packages work in conjunction with Havis Docking Stations and Universal Laptop Mounts to create the safest and most comfortable mobile workstations in the industry.

- Premium Packages include:
  - Vehicle Specific Base Plate.
  - Heavy-Duty Pole with Height Adjust Handle.
  - Precision Machining provides smooth adjustments with no metal to metal contact.
  - Swing Arm Motion Device with Tilt-Swivel.
  - Stability Support Arm
- Standard Packages include:
  - Vehicle Specific Base Plate.
  - Heavy-Duty Pole without Height Adjust Handle.
- Top Offset Plate.

### HAVIS Docking Stations

**Toughbook 30 / 31**  
Full port replication as well as convenient and efficient cable management. Connectivity includes: serial: DB9 (9-Pin) connection (2), VGA: (1), speaker: stereo (1), microphone: stereo (1), USB: fully-powered USB 2.0 (5), Ethernet: RJ45 Ethernet (2), noise filtering: yes, input voltage: 15.6V dc  
- DS-PAN-111 Standard $674.95  
- DS-PAN-111-1 Standard + High Gain Antenna $794.95  
- DS-PAN-111-2 Standard + High Gain Antenna $824.95  
Add Power Supply: +$172

**Toughbook 19**  
Connectivity includes: serial: DB9 (9-Pin) connection (2), VGA: (1), speaker: stereo (1), microphone: stereo (1), USB: fully-powered USB 2.0 (4), Ethernet: RJ45 Ethernet (1), noise filtering: yes, input voltage: 15.6V dc  
- DS-PAN-211 Standard (NO RF Pass-Thru) $674.95  
- DS-PAN-221-2 Standard + Dual RF Pass-Thru $919.95  
- DS-PAN-222-2 Standard + High Gain Antenna $1064.95  
Add Power Supply: +$172

**Toughbook U1 Ultra**  
Connectivity includes: serial: DB9 (9-Pin) connection (1), VGA: (1), USB: fully-powered USB 2.0 (3), Ethernet: RJ45 Ethernet (1), noise filtering: yes, emi filtering: yes, input voltage: 12V dc  
- DS-PAN-301 Standard $674.95  
- DS-PAN-301-2 Standard + High Gain Antenna $824.95  
Add Power Supply: +$172

**Dell Latitude Rugged Extreme 12 & 14**  
The only Toughbook Certified docking station for Panasonic Toughbook CF-53 laptop computers. Connectivity: USB 2.0 (3x), USB 3.0 (1x), Ethernet/RJ45 (1x), VGA (1x), serial (1x), HDMI (1x), 15.6 VDC power in  
- DS-DELL-405 Basic Ports $714.95  
- DS-DELL-405-3 Basic Ports + High Gain Antenna $829.95  
- DS-DELL-401 Full Ports $694.95  
- DS-DELL-401-3 Full Ports + High Gain Antenna $869.95  
Add Power Supply: +$172

**Dell Latitude E6400 / E6410 / E6420 / E6430 ATG**  
Full port replication (D-DELL-231 ONLY) and integrated strain relieving provide simple, safe, and secure connectivity to essential peripherals, as well as convenient and efficient cable management. Requires LPS-105  
- DS-DELL-233 No Ports $234.95  
- DS-DELL-231 Full Port Replication $809.95

**Getac V110 Convertible Notebook**  
Connectivity includes: USB: fully-powered USB 3.0 (3), USB: fully-powered USB 2.0 (1), RJ45 Ethernet (1), serial: DB9 (9-Pin) connection (2), video: VGA (1), HDMI (1), speaker & mic: (1 each), input voltage: 19V dc  
- DS-GTC-301 Standard $684.95  
- DS-PAN-301-3 Standard + High Gain Antenna $839.95  
Add Power Supply: +$155

**Getac V100 & 200 Notebooks**  
Connectivity includes: serial: DB9 (9-Pin) connection (2), USB: fully-powered USB 2.0 (4), Ethernet: RJ45 Ethernet (1), video capture (1), speaker & mic: (1 each), input voltage: 19V dc, emi shielding: yes  
- DS-GTC-101 V100 & V200 Standard $684.95  
- DS-GTC-101-2 V100 Standard + High Gain Antenna $839.95  
- DS-GTC-101-3 V200 Standard + High Gain Antenna $839.95  
Add Power Supply: +$172

K9-T-SS SUV K9 Transport $1089.95

**K9 KENNEL BOX | UNIVERSAL AREA K-9 UNIT**

While fleets are increasing the diversity of their vehicles, Setina is busy increasing the versatility of our products. The Setina Universal SUV K-9 Unit is quite possibly the most universal and adaptable Unit in the fleet. Low-profile door tracks and hardware provide an easy fit, while a 3-stage powder coat process and heavy-gauge diamond plate rubber mat offer the longevity you are looking for. Perfect for more common American mid to large-size SUVs, as well as Undercover and less common vehicles.

K9-T-SU Universal K9 Transport $895
Shipping $195

**K9 CONTAINMENT FOR SEDANS & SUVS**

**WHELEN 295SL100 SIREN**

Whelen 295SL100 Siren is economically priced with 100 watts of output power for up to two speakers. Six function siren: Radio Repeat, Public Address and “Hands-Free” operation. Scan-Lock Siren Tones allow for selectable tones via momentary recessed switch on the rear of the unit. Choose the placement of each siren tone on rotary knob for complete user customization. “Aux Enable” activates siren tones via input (slide switch, power controls or relay-to-ground connection).

295SL100 100 Watt Siren Controller
$249.60

**WHELEN 295SLSA6 SIREN & LIGHT CONTROLLER**

The Whelen 295SLSA6 Siren & Light Controller has a Master Power switch that’s programmable for On/Off operation of the siren only, or siren and switch functions. The four position slide switch activates up to three 20 amp circuits. The six push buttons are programmable momentary switches that activate six 15 amp circuits for auxiliary control of lightbar functions or auxiliary lighting. All seven positions of the rotary switch serve a primary function plus programmable override tones.

Primary functions are: Radio Repeat, Manual 1, Manual 2, Hands-Free, Tone 1, Tone 2, Tone 3. There are 16 Scan-Lock siren tones to choose from.

295SLSA6 Siren and Light Controller
$427.70
WHELEN PROJECTOR SERIES
SA315P SPEAKER

Offers amazing performance in a package of only 2.9” thick. Comes with FREE mounting bracket. Will mount in more locations than ever before. With a full 100 Watts of warning power this speaker when combined with a 100 Watt siren will move traffic out of your way when you respond to a call. Installation of the SA315P only takes minutes and is perfect for concealed installations. Exceeds California Title XIII, Class A, and SAE J8149 requirements.

- Small Round Profile, Composite Speaker 6.5”H x 6.5”W x 2.9”D. Construction: Nylon Composite. Output: 100 Watts. Decibels: 123dB

SSS-SA315P Speaker $187.95
(Price is Subject to Change)

THE EPSILON SIREN

The Epsilon siren is designed to meet SAE Class A sound requirements when used with most 100 watt siren speakers. Epsilon features hands-free and public address operation, Scan-Lock multiple warning tones and horn ring override capability with real time diagnostics Model EPSL4 provides four power control outlets and Model EPSL2S7 features seven power control outlets.

- SSS-EPSL1 Epsilon Whelen Siren $255
- SSS-EPSL4 Epsilon Whelen Siren $285
- SSS-EPSL7 Epsilon Whelen Siren $395

THE WHELEN HOWLER

The Whelen Howler is an effective added layer of warning when used with your 100/200 watt siren amplifier. Howler provides deep, low frequency tones, which are able to penetrate other vehicles, alerting drivers and pedestrians of your approach. Howler is not a replacement to the vehicle’s primary siren; Howler adds a minimum eight second penetrating burst of low frequency siren sound for use in heavy traffic, intersections or other high ambient noise conditions.

SSS-HOWL Howler Siren & Speaker System $525
CenCom Sapphire delivers what you’ve been asking for in a sleek, new, tougher, more advanced design. CenCom Sapphire adds an integrated WeCan® serial port for connecting your Whelen WeCan series lightbar directly to the Amplifier Control Module. No more bulky wires and secondary boxes to contend with. Just plug in and go! Control your Warning Lights, Siren, and Traffic Advisor functions from a single keypad.

WHELEN CENCOM SAPPHIRE

SSS-CCSRN3
Operates Whelen 2-wire Traffic Advisors that do not require external controls $889.20

IN STOCK

This Digital Voice Recorder is wired through your current siren amplifier’s radio repeat function and allows you to record and play back an emergency message required to save lives.

- Record up to a 30 second event specific message.
- Re-record a new message to change.
- Toggle between radio pass through mode and message broadcast mode.
- Adjustable preset radio repeat volume.
- Adjustable preset recorded message volume.
- Includes removable microphone.
- Easy to understand and use with front panel mounted LED display.
- Small size allows for mounting almost anywhere.
- Adjustable swivel bail bracket.

BRDCSTR Digital Voice Message Recorder and Repeat $325

IN STOCK

The Whelen 295SLSA1 siren offers a large, unique and distinctive collection of features designed to allow the user to customize the operation of this siren to suit their individual wants or needs. The “Hands Free” feature lets you keep both hands on the wheel, both eyes on the road and access three siren tones and On/Off. The Scan-Lock Tone Programming feature lets you choose from 17 siren tones to preset during siren installation via a momentary switch located on the back of the unit.

WHELEN 295SLSA1

SSS-SA1 295SLSA1 Hands Free Siren $325

IN STOCK

The Whelen ALPHASL Siren, great for applications not requiring public address or radio repeat. Hands-Free operation, cycle through two or three tones using horn or auxiliary control. Connects to any 100 watt siren speaker and operates by your supplied switches.

WHELEN ALPHASL SIREN

SSS-SL ALPHASL $195

IN STOCK
HAND HELD SIREN AND LIGHT CONTROLLER
HHS2200 BY WHELEN

The Siren and Light Controller HHS2200 Hand Held by Whelen utilizes a Windows® based program for full custom setup configuration of each of the 12 buttons to control desired light and siren functions from this compact hand held controller with built-in mic, that includes a progressive three-position push button lighting control that mimics slide-switch operations. The unit is microprocessor controlled and rated for one or two 100-watt speakers.

HHS2200 Handheld Siren & Light Controller $394.95

WATERPROOF WHELEN SIREN/ SPEAKER COMBO

The Waterproof Whelen Siren/ Speaker Combo is a self contained system, nothing else needed! This great unit has the siren amplifier and speaker all built into one compact package. Comes standard with 10 Siren tones including airhorn that can be sounded at the same time as siren tones. Internal Input fuse. Pin switches for changing siren functions. Siren tones can be sounded via non-included on/off and momentary switches.

WSSC30 Siren & Speaker Combo $169.95

FEDERAL SIGNAL E-Q2B SIREN & PA SYSTEM

Federal Signal redesigned the e-Q2B™ electronic siren to incorporate a 200-watt Class D audio amplifier for increased reliability, a smaller footprint, an additional feature set and an even lower amp draw. Keypad features backlight membrane switches and large rubberized knobs making it easy to use. The e-Q2B combines Digital Signal Processing (DSP) to accurately reproduce the distinctive trademarked sound of the Q-Siren with a current draw of only 20 amps.

EQ2B Siren & PA System $1541.25

6 OR 10 SWITCH – SWITCH BOX BY WHELEN

- Six or 10 lighted SPST switches rated 20 amps peak
- Back-lighted legend tabs, 72 standard legend tabs included
- Installation is easy with a rear mounted “captive” terminal block
- PCC6R: Six switches; one 40 amp switch, five 20 amp switches
- PCC10: Ten 20 amp switches

PCC6R Whelen 6 Switch Box $69.95
PCC10 Whelen 10 Switch Box $124.95
**PHANTOM ELITE ANTENNA BY ANTENEX**

The Phantom Elite features patented true field diversity that outperforms many conventional whip antennas. The stealth design is injection molded from ABS plastic. An adapter is included to replace the nut on the mount for proper antenna alignment when used with mini-mag mounts. 37.5” - 40” minimum diameter ground plane (Such as roof of vehicle) is required.

ETRAB1550 Black Phantom Elite Antenna $114.95
ETRA1550 White Phantom Elite Antenna $114.95

**ANTENNEX**

- 155-160 MHz
- Max Power: 60 Watts
- Molded ABS
- 2.5”W x 5” L x 3.75” H

**ANTENNAS**

**PHANTOM ANTENNA BY ANTENEX**

- 450-470 MHz
- Max Power: 100 Watts
- Molded ABS
- 12.3”-13.5” minimum dia. ground plane
- 3.4” Whip Length

ETRA4503 White Phantom Antenna $49.95

**144-152 MHz QUARTER WAVE VHF ANTENNA BY LAIRD TECH**

All Antennas have a “brass button” contact design that provides for a better match and more contact surface coverage. 18” Whip Length. 200 Watt Max Power. 302 stainless steel. Chrome or Black.

QWB144 Black 144-152 MHz QW VHF Antenna $27.95
QW144 Chrome 144-152 MHz QW VHF Antenna $22.95

**152-162 MHZ QUARTER WAVE VHF ANTENNA BY LAIRD TECH**

QWB152 Black 152-162 MHz QW VHF Antenna $27.95

**406-430 MHZ QUARTER WAVE VHF ANTENNA BY LAIRD TECH**

QWB406 Black 406-430 MHz QW VHF Antenna $22.95

**430-450 MHZ QUARTER WAVE VHF ANTENNA BY LAIRD TECH**

QW430 Chrome 430-450 MHz QW VHF Antenna $22.95

**450-470 MHZ QUARTER WAVE VHF ANTENNA BY LAIRD TECH**

QW450 Chrome 144-152 MHz QW VHF Antenna $13.95

**800 MHZ CELLULAR QUARTER WAVE ANTENNA BY LAIRD TECH**

QW800 Stainless Steel 800 MHz Cellular QW Antenna $19.95
806-866 MHZ PHANTOM ANTENNA BY LAIRD TECH

The Phantom low visibility antenna has a wide bandwidth and low radiation pattern for superior results. Exterior is made of the highest grade plastic suitable for inside or outside use.

- 806-866 MHz
- Max Power: 200 Watts
- Molded ABS
- Gain: 3 dB-MEG
- 2.5” Whip Length
- Wide bandwidth
- Low radiation pattern

TRA8063 White 806-866 MHz Phantom Antenna $64.95
TRAB8063 Black 806-866 MHz Phantom Antenna $64.95

3.25” MAGNETIC ANTENNA MOUNT BY LAIRD TECH

- Chrome magnetic mount
- 90 lbs Pull Weight
- Mini UHF Male, installed
- Includes 12 feet of RG58/U cable type
- For use with NMO style antennas.

G8MI Chrome Magnetic Mount w/ Mini UHF (male) $54.95

0.75” PERMANENT ANTENNA MOUNT BY LAIRD TECH

- Brass permanent mount (Drilling Required)
- Mini UHF Male, installed
- Includes 17 feet of RG58/U cable type
- For use with NMO style antennas.

430-450 MHZ QUARTER WAVE VHF ANTENNA BY LAIRD TECH
QW430 Chrome 430-450 MHz QW VHF Antenna $22.95

450-470 MHZ QUARTER WAVE VHF ANTENNA BY LAIRD TECH
QW450 Chrome 444-452 MHz QW VHF Antenna $13.95

800 MHZ CELLULAR QUARTER WAVE ANTENNA BY LAIRD TECH
QW800 Stainless Steel 800 MHz Cellular QW Antenna $19.95
BEE III MOVING RADAR SYSTEM WITH AUTOMATIC SAME DIRECTION TECHNOLOGY

- Automatic Same Direction (ASD) Mode - Measures Same Direction Traffic with Computer Controlled Accuracy
- Directional Stationary Mode
- Fastest Target Mode
- POP Technology - can measure traffic speeds without setting off radar detectors
- Small Display with Easy to Read LED displays
- Ergonomic Wireless Remote Control
- Black Equipment Housings
- Digital Signal Processing

B-MB Starting at $1,829.95

PYTHON III MOVING RADAR SYSTEM BY MPH

- Smaller Readout with Larger Displays
- Smaller K-band Antenna
- Uncluttered Remote Control
- Intuitive Roadway style Mode Display X, K, and Ka-band versions
- Optional Same Direction and Fastest Mode
- Software Upgradeable from Data Port
- Optional Speedometer Interface

PYTHON-MP Starting at $1,194.95

RANGER EZ / RANGING TRAFFIC RADAR SYSTEM

(Also available in a waterproof motorcycle version)

Ranger EZ shows you the distance of every vehicle it measures.

RNGR-MP Starting at $2,134.95

Ranger shows that car, behind the semi, is the strongest target.

Ranger shows that this is the strongest target.

Ranger gives positive target identifications, with no questions.
SCOUT HANDHELD

The Scout is a battery-operated handheld radar unit, which uses NiMH rechargeable AA batteries instead of expensive batteries. The Scout also charges from the vehicle’s 12V power source, keeping the Scout always ready with the power you need to keep your streets safe.

Its portability makes the Scout handheld radar a flexible police radar gun – whether in the car or on patrol.

Call today for more information about the Scout handheld radar unit.

Handheld Radar Features

- Directional radar to ensure tracking history
- Isolate a single direction of traffic
- Catch only the target you want
- FASTER mode catches the vehicle going faster than the stronger target
- Easily replaceable batteries

Handheld Radar Specifications

- 12 hour battery life
- Charges within two hours

SR-SRG Scout Handheld Radar Gun $1,495
SR-GH Genesis Handheld Radar Gun $995

GENESIS II

Fully Featured, Dash Mounted Radar

The Genesis II Select is a state-of-the-art digital police radar system. The Genesis II is also one of the most versatile radar systems. Select the features and antenna choices that meet your needs and budgets.

Choose Rearview Mirror Display when ordering at no extra charge (Not Included) | Detachable Face Kit $65
THE STALKER DUAL

The industry standard for moving Police radar with the best range and performance available - now including automatic same direction operation.

PRODUCT FEATURES:
- Industry Leading Performance
- Automatic Same Direction Tracking
- Intelligent Fastest Speed Tracking
- Available with 1 or 2 Antennas
- 3 Window Multicolored LED Display
- Read-Thru Lock
- Cordless Infrared Remote
- Compensated True Audio Doppler
- Digital Antenna Communications
- Narrow Beam Width
- Waterproof Ka Band Antenna
- Small Detachable Display Unit
- Software Upgradeable
- Interfaces with Cameras & Computers
- 3 Year Full Warranty

R-S-D Stalker Dual Radar $3,210

THE STALKER 2X

The most advanced and easiest to use Police Traffic Radar just got better. The Stalker 2X is actually two independent radar units operating on a single, 5-window, multi-color display

PRODUCT FEATURES:
- New Dual Zone Mode
- Direction Sensing Technology
- Automatic Same-Direction Tracking
- Stationary Direction Control (Closing, going away, or both)
- Strongest & Faster Targets Displayed
- Rear Traffic Warning Feature for Safety
- Read-Thru Lock
- Cordless Infrared Remote
- Compensated True Audio Doppler
- Digital Antenna Communications
- Narrow Beam Width Waterproof Ka-Band Antenna
- Small Detachable Display Unit
- Software Upgradeable
- Interfaces with Cameras & Computers
- 3 Year Full Warranty

R-S-DS2X Stalker 2X Radar $4,639

THE STALKER II

The industry standard for moving Police radar with the best range and performance available - now including automatic same direction operation.

PRODUCT FEATURES:
- Industry Leading Performance
- Automatic Same Direction Tracking
- Intelligent Fastest Speed Tracking
- Available with 1 or 2 Antennas
- 3 Window Multicolored LED Display
- Read-Thru Lock
- Cordless Infrared Remote
- Compensated True Audio Doppler
- Digital Antenna Communications
- Narrow Beam Width
- Waterproof Ka Band Antenna
- Small Detachable Display Unit
- Software Upgradeable
- Interfaces with Cameras & Computers
- 3 Year Full Warranty

R-S-S2 Stalker II Radar $2,995

THE ALL NEW STALKER PATROL

- All new, white-on-black high contrast display
- LCD display technology
- Increased daylight visibility
- Auto-dimming feature
- All new, waterproof K-Band antennas
- Proprietary Digital Antenna Communication
- One of the smallest on the market
- Waterproof to 2 feet
- First-ever USB antenna connections
- Waterproof, high-speed, low-noise, and secure
- Ergonomic backlit remote control
- Standard CAN/VSS OBD II cable - perfect for patrol speed 1-piece display/counting unit

R-S-PTL Stalker Patrol Radar $2,135
STOP STICK TIRE SPIKE SYSTEMS

Field proven stopping power with over 20,000 successful stops using STOP STICK products.

STOP STICK®

The compact Piranha provides added control during operations where potential for subject flight is anticipated. Reloadable cartridges. Sold individually.
Piranha Covert Spike Strip $49.95

Capable of deflating the tires quickly and safely. Enables fast, easy cordoning of areas to restrict ingress/egress or to control traffic flow. Reloadable cartridges.
BC-1 KIT: 1 Barracuda, 4 Extra Cartridges, 2 Extra End Caps $349.95
BC-2 KIT: 3 Barracudas, Sleeve, Cord Reel, 12 Extra Cartridges, 6 Extra End Caps $989.95

The Patrol Terminator can be mounted in the patrol car within easy reach so the officer can grasp it and exit the vehicle without shifting focus from the stopped subject. Reloadable cartridges.
PT-SS Patrol Terminator Spike Strip $204.95
PT-SS Patrol Terminator Lanyard $15

Originally designed for the U.S. Customs Service, Terminator brings added control to checkpoints, security areas, etc. Reloadable cartridges. Choose Reflective Red, Red or Black.
T-SS-1 Red or Black Terminator Spike Strip $239.95
T-SS-2 Reflective Red Terminator Spike Strip $247.95

CAR / RACK KIT: Stop Sticks, 1 Replacement Stick, Mounting Tray, Cord Reel & Sleeve (Choose Camo or Black)

S37**K Stop Stick 12’ Full SUV Kit $869.95
Training Kits Also Available. Please Call For Details.
**THE STINGER SPIKE STRIP SYSTEM**

Spoke Systems include 40’ of rope with handle, spike replacement kit, spike insertion tool, and hard storage case.

The STINGER system employs high strength, hollow steel spikes that penetrate all types of tires (including self-sealing and run-flats) and deflate them in a regulated manner. This prevents blowouts, slows the perpetrator’s vehicle to a safer rate of speed, and allows him to make a controlled stop. And STINGER spikes are effective on all types of vehicles, including cars, trucks, and buses.

90210 10ft. Spike System $459.95
90200 15.5ft. Spike System $574.95
90225 25ft. Spike System $929.95
Shipping $45

---

**RADAR SPEED SIGN & DOLLY**

With a large LED display built into a two-wheel dolly frame, the R-RSSD is perfect for school zones, parks and neighborhoods where an officer isn’t always available to deploy a trailer.

- 18” LED sign, visible from 1000 feet
- Handcrafted steel frame
- American made rugged construction
- Graffiti and wear-resistant powder-coat finish
- Add the optional EZ Stat data logger for speed data collection
- Shipping: $294

SR-RSSPM Radar Speed Sign and Dolly $4,194.95

---

**RADAR SPEED SIGN & TRAILER**

Any patrol car can tow this small, lightweight trailer. Tow it to almost any straight stretch of road, roll down the trailer’s jacks, swing up the display and you’re ready to slow traffic. Graffiti and wear-resistant powder coat finish. Shipping: $595.00

R-RST1 (top image) $8,994.95
R-RST2 (left image) $6,594.95
RADAR SPEED SIGN TRAILERS

- Optical lenses and sun shades over 26-inch LED characters
- Selectable speed-limit setting
- Clearly displays speed in mph (one or two digits) or km/h (up to three digits — see international model)
- Software-controlled selection of speed units, mph or km/h
- 24x30-inch regulatory speed-limit sign included, other sizes available
- Regulatory sign has changeable speed-limit numbers
- Approach-only K-band radar measures speeds from 5 to 150 mph (8 to 240 km/h), at a distance of up to 1500 feet (450 meters)
- Radar unit is CE compliant, FCC approved
- Extended height increases visibility
- Streamlined see-through design
- Compact and easily portable, 5-minute setup
- Under 900 pounds (400kg), can be towed by most vehicles
- Standard 2-inch ball coupler tow-hitch
- Regulatory speed-limit sign
- Battery powered & solar charging
- Locking control box and battery compartment

R-W-RSST  Radar Speed Sign Trailer $8,495
Shipping: $395

154  JOIN THE ELITE BY CHOOSING FLEET SAFETY EQUIPMENT INC.  2014/2015 CATALOG
POLE-MOUNT RADAR SPEED SIGNS

- Configurable activation, violation, and speed settings
- 13-inch or 26 inch character size to suit the application
- Display flashes vehicle’s speed if above the user-configured over-speed setting
- Display flashes four-corner if a vehicle exceeds a second, extreme-speed setting
- Diamond-grade reflective sheeting resembles R2-1
- Approach-only K-band radar measures speeds from 5 to 150 mph (8 to 240 km/h), at a distance of up to 1500 feet (450 meters)
- Software-controlled selection of speed units, mph or km/h
- Radar unit is CE compliant, FCC approved
- Signs feature standard mounting for a 4½-inch diameter round pole
- Commercial AC powered, or battery powered with solar-panel charging system
- Regulator shuts down solar charging system when batteries are fully charged preventing damage
- Standard aluminum enclosure houses electronics and battery, and features a police-lock for security

ADDITIONAL OPTIONS:
- Accepts accessory warning devices such as a strobe light
- Aluminum 4-inch (4.5-inch OD) diameter 14-foot tall pole with pedestal base
- Yellow diamond grade sheeting
- Radar-based traffic counter
- Flashing beacons

13” R-W-PM13 $6,285
26” R-W-PM26 $6,995
RADAR SPEED SIGN TRAILERS

SOLARTECH QUALITY BUILT INTO EVERY UNIT

- Truly Solar Powered - Engineered for continuous runtime
- Brightest, Most Visible Display - Legible messages under all conditions
- Sign Panel Fail-safe System - Automatically detects and corrects errors and faults
- CE Marked - Insures complete electromagnetic compliance for superb reliability
- Cellular Remote Ready - Interface and software required for remote control is included
- Data Collection Built In - Records raw and statistical data on a USB “memory stick” (viewable in M.S. Excel)
- Custom Sign Case & Door Frame Extrusions - Sturdy, secure and weathertight
- Modular Construction - Easy maintenance and repair
- Torsion-type Axle - Smooth, stable ride
- Polyamide Epoxy Primer - Excellent rust and corrosion protection
- Acrylic Urethane Finish - Excellent appearance and durability
- ISO 9001:2000 Certified Design and Manufacturing - The ultimate in quality assurance
- BEST WARRANTY - ONE YEAR OVERALL
  - Two years on electrical and electronic components
  - Three years on standard display modules
  - Ten years on solar panels

LEGEND GRILLE GUARD BY RANCH HAND

PROVIDING OUTSTANDING PROTECTION, the Legend Grille Guard has a one piece fully welded construction and is frame mounted in four locations for maximum strength and to eliminate vibration. The grille guard is constructed from 12 gauge tubing and has 5/16” upright thickness and features punched grille inserts specifically designed to match the make and model of the vehicle – no expanded metal used. All Ranch Hand products are finished with a durable black powder coat paint. Most applications allow you to maintain factory tow hooks.

**PROGARD PICKUP TRUCK STORAGE/ORGANIZER SOLUTION**

Pro-gard’s new line of Truck Bed Organizers features a rugged steel sub frame and HDPE shell that carries a deck load rating of 2,000 lbs, matching that of the OEM specifications. Complete with two bed length drawers that extend past the edge of the tailgate allowing personnel access to items stowed at the front most part of the drawer. The drawers can each carry a load of 200 lbs. and can be customized to fit large and small items with removable dividers and trays. Lock and key security is provided for each drawer as well.

You can choose to add-on an optional single or dual weapon gun rack that mounts securely in the front section of either drawer. This gun rack features Pro-gard’s new Tri-Lock Weapon Mounting System that allows fleets or officers to configure lock and guard locations based on the type of weapon and accessories of each individual weapon at the point of installation.

Available for:
- 2013-2014 Dodge Ram 1500
- 2014 Ford F150

PROGARD TRI-LOCK WEAPON MOUNTING SYSTEM

Officers need to have their weapons at the ready when the situation demands but, locked and secured when they need to step away from the vehicle. Pro-gard has been a trusted name with fleets when it comes to locking down weapons for many years.

Now, continuing the tradition of listening to the fleet needs, we are excited to showcase our Tri-Lock Weapon Mounting System at PFE for the first time! This weapon mounting system gives officers the flexibility to mount two long weapons in either a Vertical Partition Mount or a Self-supporting Mount. It accommodates nearly any weapon and any accessory your officers put on their guns. The Locks and bracketry can be fixed at the time of installation to allow for variations, in officer preferences, within the fleet.

Totally new for your weapon mounting needs is our Hand Gun Lock-Box that provides ample space to house even a moderate sized hand gun. Our key/lock system will give your officers the peace of mind they need knowing that their gun is secure when not holstered.

Choosing the Right Gun Rack for your Weapon(s)

Step 1: What type of vehicle will the gun rack be placed in?

Because all manufacturers create different interiors in their vehicles, we must accommodate these differences with our gun rack mounts.

Therefore, the year, make and model of vehicle determines our first step in building your customized gun rack.

Step 2: Where will you be mounting the gun rack?

Pro-gard offers many different locations for you to mount your gun rack in the vehicle. Our three most popular locations are the Partition Mount, Self Supporting Mount, and the Roof Mount. We also offer Pro-cell Mounts and Trunk Mounts if that is your preference.

Step 3: What type of weapon(s) are you planning to house in your gun rack?

Obviously, the type of weapon you are planning to house in the gun rack is of utmost importance. Now that we have determined where you want the gun rack to go, we can determine how to secure your gun(s). At this point we will also need to know if you need a single or dual gun rack.

There are a great deal of variations between weapon styles that we take into consideration when customizing the mounting brackets and gun lock portion of your gun rack. In order to secure the best fitment, we build the gun rack around your specific weapon and accessories.

At this point, you can choose the type of key access for your rack. We provide a gun lock for each weapon that has either a handcuff, vending, or standard key release (or none at all).

All gun racks come equipped with an 8 second delay timer on gun lock. Pro-gard’s most popular mounting style for gun racks is the Partition Mount. Offered in three styles, guns are mounted in the gun rack.

Step 4: What weapon accessories will you be using on your weapon?

The final step is to build around any accessories (if any) that you will be using on your weapon. Things like sights, lights, shields, and other accessories you place on the mounting rails. We also need to know about any removable accessories (such as lights, grips, and handles) that are on the weapon. The placement of these accessories can greatly effect the way we design the way that your weapon secures into the gun rack. As always, our customer service team will work with you as closely as necessary to ensure that we are able to get the right information to ensure the best fitment of your weapon into the gun rack.
Pro-gard’s most popular mounting style for gun racks is the Partition Mount. Offered in three styles, guns are within easy reach of your officer when they need quick access to their weapons. All gun racks come with 8 second timers and momentary switches to ensure a quick release when time is critical.

POWER DISTRIBUTION UNIT & BATTERY DRAIN PROTECTION

- Compact and convenient point of load power distribution product for installed electrical devices.
- Eliminates most independent fused wire runs
- Direct Power and Ground Source, separate from factory harness
- Fuse LED Indicator Light
- 24 Power Connections
- 7 Ground Returns

PDU42YRP Power Distribution Unit $324.95

WATCHDOG BATTERY DRAIN PROTECTION

Between 13V to 18V the output of the Watchdog will be ON unconditionally. If the battery voltage drops below 13V and the ignition is OFF, the watchdog starts a countdown delay at the end of which the unit will shut-off and go into "STANDBY" mode. If the battery voltage recovers and is raised above 13V, the countdown process will cease and the Watchdog will go into “ON” mode.

WD-B60 Watchdog 60A Max Current $89.95
WD-B120 Watchdog 120A Max Current $149.95

CHARGE GUARD AUTO SHUT OFF TIMER

The newest version of the original automatic shutdown device and is an easy-to-use intelligent vehicle power management system that prevents dead batteries, protects mobile electronics from voltage anomalies, and gives you peace of mind. Equipment is always available, and you never have to remember to turn it on or off.

IN STOCK!

CG-X Charge Guard Auto Shut Off Timer $94.95

POWER MANAGEMENT

THOR MOBILE POWER INVERTERS

- Features:
  - Full Output Power, other inverters have reduced output over time.
  - High Surge Protection
  - High Speed Low Noise Cooling Fan
  - Ground Fault Sensing
  - Overload Protection - Inverter will automatically shut down if load exceeds inverter rating.
  - Smart Surge Control - Inverter will attempt to start loads above the continuous rating for up to 10 seconds.
  - Voltage Protection - Whenever the input exceeds 15 volts DC or is less than 10 volts, the inverter will automatically shutdown.
  - Short Circuit Protection - Automatically shuts down until short circuit is removed.
  - Thermal Cutoff - Automatically shuts down if internal temperature exceeds safe design parameters.

TH225 225 Watt Power Inverter $29.95
TH400 400 Watt Power Inverter $38.95
TH750 750 Watt Power Inverter $68.95
TH1000 1000 Watt Power Inverter $117.95
TH2000 2000 Watt Power Inverter $249.95
TH3000 3000 Watt Power Inverter $424.95

→ Graphics have a subdued or “stealth” appearance during the day

Starting at: $525

Squads are fully marked, but have low-profile (“stealth”) appearance during the day because the graphic film closely matches the vehicle’s body color. Stealth kits are made of reflective film and are highly visible at night. Any of our designs can be made into a stealth version. Just tell us your vehicle color and we’ll help you choose the reflective film that best matches it.

Graphics are highly reflective at night →

Terms & Conditions:

Ways to Order:

For Government Orders: Credit Cards, Fax/Email Order Form with a signed letterhead from your Government Entity, Phone, Website.
For Personal Orders: Credit Card only accompanied by:
1. Written and signed authorization on your department’s official letterhead.
2. A photocopy of an official picture identification card.

Standard Shipping

Multiple Warehouses in the enable us to ship your order quickly. Non-customized products usually arrive within 1-5 working days. Shipping times will vary on customized products. Shipping rates listed on the Order Form apply to non-bulk products in our catalog. Some orders require additional shipping charges because of their weight size.

Overnight Shipping

Many items are eligible for overnight shipping if ordered before 3:00pm on weekdays. Please note any orders placed after this time on Friday will not be processed until the following Monday. Overnight Shipping is only applicable for In Stock products.

International Shipping

Please email us with the item number(s) and quantities of the product you are interested in, postal code and country. Orders shipped outside the U.S. may be subject to tariffs, duties, and taxes upon delivery.

Returns

All Returns Require a Return Authorization # (RA). Items returned within 90 days of Receipt that are listed in the catalog as ‘In Stock’ will be refunded, credited or exchanged at 100%. All other items will be reviewed for return on a case-by-case situation. Some items require a restocking fee. In Stock’ items may also be returned for credit or exchange if Item is still in mint condition (unused, in original packaging, and include all hardware and instructions) within 6 months of purchase. Any items showing wear, damage, modification, or installation (which includes scratches, dings, dents, and cut or stripped wires) will not receive a refund or exchange. Original Freight is Non-Refundable, but we will pay for your return shipping on non-bulk items if received within 90 days of your receipt.

Pricing and Misprints

Pricing, availability and specifications are subject to change without notice.
Fleet Safety Equipment, Inc. reserves the right not to sell below cost and correct misprints, typographical, or pricing errors. All prices are listed in U.S. Dollars.

Special Orders

If you do not see the products you are looking for in our catalog, please call us at 800-847-8762 or visit us online at www.FleetSafety.com We can probably get it for you!

What is the Re-Enforcer?

The HD Digital Re-Enforcer body-worn camera provides the perfect surveillance solution for personal, law enforcement, or military use in difficult environments. With one touch, high-definition recording and ruggedized features, the Re-Enforcer is fully loaded with hardware and software characteristics designed to meet any market specification.

Re-Enforcer Features
INDUSTRY LEADING TECHNOLOGY

- Integrated design with Camera, LCD, Audio, IR
- True 1080P Full HD recording
- CMOS 8 MB sensor
- 170-degree wide-angle lens
- HDMI interface to allow additional camera options, USB interface
- Passes drop test at 6 feet onto cement floor
- Built-in GPS
- Lithium polymer battery for extended-shift battery life
- Can be epaulet-mounted or vehicle-mounted
- Supports IR up to 10m
- 32 GB memory
- Car Mode - Can act as a dash camera with high speed and G-force sensors
- Supports 3G/4G for remote body camera access
- Supports walkie-talkie/radio as shoulder microphone
- Backwards compatible with the Enforcer II MDVR to start simultaneous recording

Easily Capture Evidence.
